

CORPORATE MEMBERSHIP BENEFITS (2021-2022FY)

PERMANENT WAY INSTITUTION NSW

The Peak Rail Industry Body in NSW

The Permanent Way Institution was formed in 1884 in England as a technical forum for sharing knowledge in track design, construction and maintenance. The New South Wales section was formed in 1974, bringing some of those core technical principals and knowledge to the NSW rail industry.

Since then, the PWI is arguably the peak rail industry body in NSW and one of the most recognised across Australia, and has grown into one of the largest PWI chapters globally with over 250 individual members and over 75 corporate members.

With such a strong and diverse membership base, the PWI showcases an ever-expanding range of skills and technologies deployed across public and private rail projects.

Our members are acknowledged for the value they bring to the industry and the support they provide to our Institution.

Our focus is on creating **knowledge share** and **networking** opportunities for our individual and corporate members alike. With this in mind, the PWI NSW is one of the most active rail industry bodies in Australia, offering a range of high quality annual events including the Executive Breakfast, Winter Dinner, Corporate Golf Day, Convention, and Awards Night. We also offer quarterly Technical Meetings, where our industry sponsors and partners are able to share

knowledge through their innovations, products, information and experiences.

The annual PWI Convention is our premium event and is attended by up to 500 delegates, attracts highly notable keynote speakers and presenters, and offers an unbeatable networking opportunity for sponsors and industry members. The PWI NSW is non-for-profit organisation that is run by volunteer committee members. In order to continue to provide high quality networking events, we rely on the financial support of our Corporate Members.

Corporate membership is offered on a sliding scale ranging for the entry level Corporate Membership through to our exclusive limited Platinum Corporate Memberships. Sponsorship packages offer varying degrees of brand exposure and recognition, and also provide a wide range of member benefits including free tickets to key events. Sponsorship also allows the Corporate body a direct connection to the heart of the rail industry in NSW. Connecting people is what we are all about.

If you want to be seen as an industry leading partner, then Corporate membership is a must and, with base corporate membership fees starting at \$1,140 annually, there really isn't any good reason not to be a part of this great association.

Join the PWI NSW family now!

If you want your business to be known as a leader in its field, support the PWI NSW by becoming a Corporate Member. Or better still, take up one of our limited Enhanced Corporate Memberships packages and enjoy the added benefits, marketing exposure and networking opportunities on offer!
