

CORPORATE MEMBERSHIP BENEFITS

PERMANENT WAY INSTITUTION NSW

The Peak Rail Industry Body in NSW

The Permanent Way Institution was formed in 1884 in England as a technical forum for sharing knowledge in track design, construction and maintenance. The New South Wales section was formed in 1974, bringing some of those core technical principals and knowledge to the NSW rail industry.

Since then, the PWI is arguably the peak rail industry body in NSW and one of the most recognised across Australia, and has grown into one of the largest PWI chapters globally with over 350 individual members and over 75 corporate members.

With such a strong and diverse membership base, the PWI showcases an ever-expanding range of skills and technologies deployed across public and private rail projects. Our members are acknowledged for the value they bring to the industry and the support they provide to our Institution.

Our focus as an organisation and representative committee is on providing value to our corporate and individual members by embodying our four pillars:

- ☑ **Community:** create a sense of belonging, a familiar face, a rail family.
- ☑ **Knowledge Share:** build an environment for sharing technical knowledge and expertise, and allow our members to share their stories.
- ☑ **Pathways:** foster technical competence, professional connections, and pathways to growth and development.
- ☑ **Relevance:** appeal to the rail community, be inclusive for everyone, and aim for long term relevance and sustainability of the rail industry.

With this in mind, the PWI NSW is one of the most active rail industry bodies in Australia, offering a range of high quality annual events including the Executive Breakfast, Winter Dinner, Corporate Golf Day, Convention, and Awards Night. We also offer quarterly Technical Meetings and site visits, where our industry sponsors and partners are able to share knowledge through their innovations, products, information and experiences.

The annual PWI Convention is our premium event and is attended by up to 400 delegates, attracting highly notable keynote speakers and presenters, and offering an unbeatable networking opportunity for sponsors and industry members. The PWI NSW is non-for-profit organisation that is run by volunteer committee members. In order to continue to provide high quality networking events, we rely on the financial support of our Corporate Members.

Corporate membership is offered on a sliding scale ranging for the entry level Corporate Membership through to our exclusive limited Platinum Corporate Memberships. Sponsorship packages offer varying degrees of brand exposure and recognition, and also provide a wide range or member benefits including free tickets to key events. Sponsorship also allows the Corporate body a direct connection to the heart of the rail industry in NSW.

If you want to be seen as an industry leading partner, then Corporate membership is a must and, with base corporate membership fees starting at \$1,140 annually, there really isn't any good reason not to be a part of this great organisation.

Join the PWI NSW Community now!
