

Permanent Way Institution NSW Section

2024 Alan Barham Maintenance Award

The **Alan Barham Maintenance Award** is open to submissions from Australian Rail Track Corporation, UGL Regional Linx, Sydney Trains and other large-scale RIM's

What is a Maintenance Team?

A typical Routine Maintenance team undertakes surveillance inspections, servicing, minor corrective maintenance, and emergency response, for track, bridges, right of way assets, and possibly signal assets.

How will it be judged?

A panel of PWI members will complete the judging.

Submission documentation, site visits, reference checks and any other relevant sources of information will all be used in the judge's review. The team also needs to be operating in NSW.

What are the judging criteria?

The period under consideration is 1 October 2023 to 30 September 2024. Nominating teams will be assessed against specific criteria and the judges will evaluate outcomes which are within the Maintenance Team's control as far as possible. It is recognised that track configuration, investment programs and operating parameters are often outside the Maintenance Team's control.

Long Term Work Planning

Strategic Engagement

Effectiveness and/or Efficiency Strategies

Submission

Your submission will be the completion of a template slide deck. This slide deck provides additional guidance as to what the judges will be looking for.

Included in the slide deck will be a collection of digital images depicting your team working, your track, your depot or other aspects of your team or track district environment which can be displayed at the Annual PWI Awards night in February 2025.

Closing date is 30th October 2024 with judging to commence the week of 11th November 2024.

Please contact Scott Chapman at schapman@artc.com.au to request a submission template.
